

Cal/OSHA Regulatory Overview for General Industry

March 10, 2010
@ the Port of Stockton

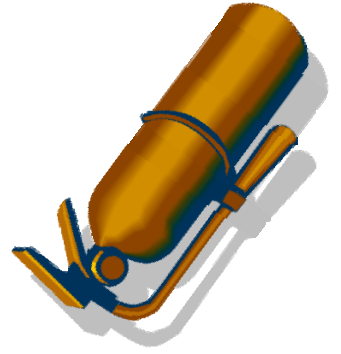

This class will provide an overview of Cal/OSHA and their regulations that most commonly apply to non-construction businesses. We will discuss these regulations, who they apply to, and what is required to comply with them. This will be an interactive class and discussion is encouraged.

Topics to be covered include:

- *Who is Cal/OSHA;*
- *Injury and Illness Prevention Program;*
- *Hazard Communication Standard;*
- *Ergonomics;*
- *Personal Protective Equipment;*
- *Heat Illness Prevention;*
- *Forklift Operations;*
- *Lockout/Tag out;*
- *Hearing Protection;*
- *Respiratory Protection;*
- *HazWOPER*

Each participant will receive a notebook and a certificate of completion. The program length is approximately 4 hours. The course will be held in the Port Side Room at the Port of Stockton, beginning at 8:00 AM. A continental breakfast will be provided. The cost of this course is \$70.00

The instructor for this course will be James Neal of WGR Southwest. Jim has over 20 years of experience in the area of Environmental, Health, and Safety compliance. He was an EH&S Manager in the electronics industry and has been a consultant since 2001.
